WORK EXPERIENCE

Palo Alto Bicycles

Sales Associate and Mechanic

June 2022 - August 2022

- Diagnosed bikes needing repair, executed client service tickets as a mechanic, and provided in-depth & personalized recommendations with expertise in bikes. Assembled new bikes for sales floor. Performed routine repairs such as flats, brake adjustment, replacing consumable components, etc.

Fleet Feet Menlo Park

Sales and Inventory Associate

November 2020 - August 2021

- Fit and assisted customers for their best running shoe using bio-mechanics, knowledge of shoe characteristics, 3D scanning data, and interpersonal customer service. Maintained inventory organization using product statistics tracking software, managed transactions on retail & wholesale side, and categorized new product.

Steven Lee City Council Campaign

Campaign Consultant

August 2020 - November 2020

- Led youth outreach by integrating candidate's campaign stances on various issues with relevant student experiences through social media and virtual meet & greets.
- Designed social media posts, citywide printed flyers, video conferencing virtual backgrounds, and video commercials for Steven Lee's city council campaign.

Breathe Free America

Petitioner

May 2020 - September 2020

- Advocated for awareness for a local ordinance banning the sale of certain gas vehicles by communicating to members of the community the environmental footprint of gas vehicles. Collected over 100 signatures.

EXTRACURRICULARS AND PROJECTS

Pomona Consulting Group

Associate Consultant

September 2022 - Present

- Receiving training in growth strategy, market sizing, competitive analysis, process optimization, and business plan creation in preparation to consult for startups, VCs, PE firms, and fortune 500 companies

Pitzer College Green Bike

Shop Lead

January 2022 - Present

- Oversee shop function during open hours by delegating service tasks, and planning workflow structures. Lead weekly shop meetings to discuss shop budget, plan community events, and more.
- Train other mechanics through weekly demos and on the spot training during open hours.

Personal Website

Project Owner

August 2021

- Built personal website from scratch in Visual Studio Code using languages such as HTML & CSS, and hosted website for public viewing.

Palo Alto City Teen Library Advisory

Tech Consultant & Board Member

June 2017 - January 2020

- Lead weekly tech related projects such as teaching courses for 3d modeling software (TinkerCad, Inventor, Blender), technology workshops for the elderly, and spearheaded effort to bring new tech systems to the library.
